

5756 TRANSGENDER STUDENTS

M

The Board of Trustees strives to provide a safe and supportive environment for all students. In furthering this goal, the Board adopts this Policy to address the needs of transgender and gender nonconforming students enrolled in the school.

For the purposes of this Policy:

1. "Gender expression" refers to the way a student represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice, or mannerisms.
2. "Gender identity" means a student's deeply held sense or psychological knowledge of their own gender, regardless of the gender they were assigned at birth.
3. "Gender identity or expression" also means having or being perceived as having a gender-related identity or expression whether or not stereotypically associated with a person's assigned sex at birth.
4. "Gender nonconforming" describes a student whose gender expression differs from stereotypical expectations, such as "feminine" boys, "masculine" girls, and those who are perceived as androgynous.
5. "Transgender" describes students whose gender identity is different from their gender assigned at birth.

Gender-related identity may be provided to the school by a parent of a student with evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity, or any other evidence that the gender-related identity is sincerely held as part of the student's core identity.

The Board of Trustees believes the responsibility for determining a student's gender-related identity rests with the student, or in the case of young students not yet able to advocate for themselves, with the parent. Therefore, the Board will

accept a student's assertion of his or her gender identity when there is consistent and uniform assertion of the gender-related identity, or any other evidence that the gender-related identity is sincerely held as a part of the student's core identity.

The Board authorizes the Education Director or designee to question a student's asserted gender identity when there is a credible basis for believing the student's gender-related identity is being asserted for some improper purpose. Confirmation of a student's asserted gender must include a letter from a parent to the Education Director indicating the student is gender non-conforming.

The Board recognizes school-related issues regarding transgender students will vary on a case-by-case basis. Therefore, the Education Director of Schools or designee will meet with the parent and student to discuss school-related issues such as the name and pronoun to be used by district staff in referring to the student, the gender identification to be used on the student's records, district staff members that should be informed of the student's access and use of restrooms, locker rooms, changing facilities, physical education classes, and other gender issues affecting the transgender student and his/her attendance at school. The school will take reasonable measures to accommodate the needs of transgender students.
